

Moab

How can I tell Moab to ignore SLURM options on the execution line?

Issue: How can I tell Moab to ignore SLURM options on the execution line?

Affected Versions: ALL

Solution: To have Moab ignore ignore options and pass them down the SLURM for processing subm a job with:

```
msub -I <options> jobs.sh --slurm <options to be pased down to SLURM for processing>
```

Jira: MOAB-8023
